

**U.S.S. CONTINUUM  
NCC - 71821  
PROMOTION POINT SYSTEM**

Promotion in the U.S.S. Continuum is in recognition of two important achievements: 1) active participation in the club; 2) an acknowledgment that a member lives up to the ideals of Star Trek. Promotions are based on these standards.

**ARTICLE I - Points**

A standard system of points has been established to track eligibility for promotion. If any question should arise regarding points awarded, it will be brought to the attention of the CO for review. These are the minimum amount of points available for each function. CS may increase points at their discretion.

**Section A - Modifiers**

Many activities have varying significance based on the number of people involved and the importance to the "non-Trek" community. Point values are modified as follows:

SIZE MODIFIERS	MULTIPLIERS
Individual Level (must be pre-approved by the CD)	1
Department Level	2
Ship Level (not limited to U.S.S. Continuum)	3
Region Level (not limited to Region 2)	4
Fleet Level	5
<b>OTHERS</b>	
Fundraisers	Size Modifier x 2
Public Service	Size Modifier x 2

All activities to be modified will be multiplied by the size modifier plus the Public Service and/or Fundraiser modifier if applicable. "Fundraisers" listed are for group fundraisers, not for individual ones.

**Example:**

An activity is rated at 10 points, but is Ship-wide in scope and considered a public service event. The members receives 60 points [10 x 3 = 30 x 2 =60].

Since not all activities are modified, and some activities require special modification, each Activity Group under Section B specifies how, or if, it is modified.

**Section B - Activity Groups**

The following Activity Groups may be used in the U.S.S. Continuum's Promotion System. Each group is divided into the different activities it covers, their point base value, and the modification specifications.

The point value for the meetings listed are for functions on separate dates and places. DHs and PHs may chose to have meetings before or after other U.S.S. Continuum functions but receive only half of the point value listed. CS meetings have the same modifiers as Department level activities.

PROMOTION POINT SYSTEM**

**VISITORS**

Bringing one first-time visitor to any activity 50 points  
No size modifiers apply

If the visitor signs up at that function, the crewmember receives the point value for bringing that visitor and for recruiting the new member all at the same time (i.e., 100[recruiting] + 50 [1st time visitor] = 150 points).

**RECRUITMENT**

Recruit one member into STARFLEET 100 points  
Recruit one member into the U.S.S. Continuum 100 points  
No size modifiers apply

Recruiting is defined as actively persuading someone outside of an organized recruiting activity to become a member. The individual member who did the recruiting is responsible to report this to the Records Officer. If a member participates in a recruitment activity, that member receives points for the activity, but not for each new member.

**RESPONDING TO MAILINGS**

Responding 25 points  
No size modifiers apply

A mailing includes, but is not limited to, medical forms, biographical information, and surveys.

**INDIVIDUAL FUNDRAISING**

PROMOTION POINT SYSTEM**

Additional courses will be rated according to their level of difficulty on an individual basis.

Section C - Levels

Members have the option of achieving rank through either officer, enlisted, or civilian positions. All commissioned ranks require membership in STARFLEET. Promotions to the ranks of Lieutenant, junior grade and above are subject to review by the CD after all requirements have been met. No promotion can be given to any personnel without that crewmember achieving the minimum requirements.

The following tables show the minimal requirements that a member must achieve before he/she can be considered for advancement in rank. Once all requirements have been met, the Records Officer will forward that crewmembers promotion point record to the CD.

**Commissioned Officer Ranks**

Upon reaching their 18<sup>th</sup> birthday, cadets begin at Ensign, Second Lieutenant, Crewman Recruit, Private, or FS-1, respectively, and advance one rank every 3 months until they have achieved the rank that corresponds with the rank they held as a cadet.

A member may be given a brevet (acting) rank because of the grade requirements for a position he/she may serve in. In that case, the member does not get an automatic point increase. When the member leaves the position, he/she returns to a rank equal to his/her point level.
