**USS CONTINUUM**  
NORTHWEST FLORIDA'S PREMIER STAR TREK FAN ORGANIZATION

# BOLDLY GO!

## ABOUT US

Since 1993, the *USS Continuum* has attracted a wide variety of *Star Trek* fans throughout the Northwest Florida area. Throughout our variety of activities, members enjoy a great sense of fun and camaraderie as they engage with like-minded people.

## A LOCAL GROUP

The *Continuum* brings the FLEET experience and our love of *Trek* to the local level through our many scheduled events. Monthly meetings, display workshops, *Star Trek* viewings, costuming, social dinners, gaming events, & conventions are many of the activities our members enjoy.

## A CHAPTER OF STARFLEET

Being a member provides opportunities to be connected with other *Star Trek* fans across the globe. And while joining STARFLEET, our parent organization, is not required for *Continuum* membership, there are extra benefits for those who do, adding to the membership experience. (More information available at [sfi.org](http://sfi.org)).

## AN OPTIMISTIC VISION

Throughout its history, the *USS Continuum* has striven to help make Gene Roddenberry's optimistic vision a reality by participating in various community service projects. Members have helped with clean-ups, organized collection drives, and raised money for local charities.
